RISK & SAFETY MANAGEMENT

Tobacco, Dust, Asbestos Exposure at Work Raises Risk of IPF

Exposure to secondhand smoke, dust, or asbestos in the workplace is linked to a significantly higher risk of developing idiopathic pulmonary fibrosis (IPF), according to findings of an Australian study. These results suggest that "the burden of...

Ten Questions Focusing Towards Higher Level Safety

However, it's not always clear that going beyond just "expressing" value for safety is expected on all levels. Here are some self-reflective questions you can ask yourself to keep your company in safety check.

COVID-19 Updates

Integrity HR Management is committed to keeping our employees up to date regarding the COVID-19 virus. Our goal is to provide the latest information in real time so our employees can make the necessary decisions to protect their families. Please never hesitate in contacting us if you have any questions regarding your pay, benefits or workplace safety issues.

Thank you for being a part of the Integrity HR Management family.

San Antonio nurse featured after working 31 days in ICU

SAN ANTONIO - Moments after "Good Morning America" interviewed San Antonio nurse Kristen Knott about her experience working in the ICU, she was getting ready for another day on the job. Her story about working 31 days straight in a local ICU -...

How to safely go back into the office during COVID-19

After the coronavirus (COVID-19) pandemic forced many people into months of remote work and endless Zoom meetings, some workplaces are finally starting to allow employees to return to the office. But just like gyms, hotels, and schools that have...
